On June 20, 2023, the City Board of Directors passed an ordinance regulating short-term rentals within the City of Little Rock. District Regulations shall be applicable.

All trash pick-up shall comply with requirements for residential one-and two-family residential zones.

The applicant provided responses and additional information to all issues raised during staff's review of the application. The applicant is requesting no variances with the Revised PRD zoning request.

Staff does not support the request Revised PRD. The existing PRD zoning was established to allow a multi-lot single family residential development. Staff does not feel that the introduction of a commercial use into the existing PRD is an appropriate revision.

Currently the City of Little Rock Department of Planning and Development has thirty-five (35) short-term rentals (STR-1 and STR-2) listed within the database for approved short-term rentals in the City of Little Rock. The City's new short-term rental ordinance allows a maximum of 500 short-term rentals within the corporate boundary of the City of Little Rock.

I. STAFF RECOMMENDATION:

Staff recommends denial of the requested Revised PRD.
